SUMMARY

I am a frontend developer who works with React, Next.js, and Vue. I turn design ideas into modern and attractive web applications. I pay attention to small details and write clean, simple code. I enjoy improving how users interact with websites. I also focus on making websites fast and smooth.

SKILLS

- ReactJS/Next JS
- Css PreProcessors(Scss / Sass)
- API Integration
- JavaScript / TypeScript
- Responsive & Creative Design
- Component Libraries
- HTML5 & CSS3
- Animation & Motion Design
- Version Control/Git & GitHub
- Css Framework (tailwind & BT)
- State Management
